

Andrea Marie Ayers-Esplen – 68 Winchester Rd - Basingstoke – RG21 8UQ

H: 01256 333498 - M: 07776 303394

Aspirations:

I chose architecture for its creativity and spectrum of opportunity. The act and art of design brings out a passion for life and people. I want to help provoke in society and the individual what architecture has done for me. With a strong background in communications and a dedication to the job at hand, what I can contribute to a firm and to the world should be equal or greater to what I have and will receive.

Education:

1995 - 2001 - Ottawa, Ontario, Canada
Carleton University; School of Architecture

5 year Bachelor of Architecture degree from Carleton University. This is a professional degree program.. Focus on Studio based projects covering such objectives as "The City as Theatre" and "Thresholds in Neighbourhoods", as well as a series of individually provoked projects including a historical perspective on spatial habitation. Key to our program is also one term away from the school on the Directed Studies Abroad Program, which I attended in London England.. Emphasis placed on craftsmanship and attention to detail. Experience in model making, rendering, research and computers, including some office work. Self initiated knowledge of most drawing programs such as Photoshop, Pagemaker, Corel Xara, Corel Draw, Illustrator, Microsoft Office and AutoCAD. As well as my thesis, professional courses in economics and professional practise were also taken

2001- Introduction to AutoCad completed at Algonquin College

1998 - Completed Beginner French at Algonquin College with focus on Oral Workforce French

1993 -1995 - Two years of Political Science completed at the University of Manitoba, Winnipeg, Manitoba

Andrea Marie Ayers-Esplen

BArch (Carleton University)
